### Russian Troops Are Becoming Active on the German Frontier

From St. Petersburg word has con that the mobilisation of the Russian CHICAGO THEN GETS FOUR RUNS forces is progressing more quickly than had been expected and the activity of the Russian troops on the German frontier seems to confirm this. Italy remains in an expectant attitude and from hints dropped at the Italian embassy in London appears quite ready to maintain its declared neutrality and even to assume active hostilities if necessary in face of any number of German ultimatums, of which the Italian embassy says it has no official confirmation.
